

The merit position of such **eligible candidates (i.e., those who have appeared in BITSAT- 2023 and who have submitted the application for admission in the prescribed form with the 12th marks, preferences and the required fees)** will be prepared on the basis of their scores in BITSAT-2023.

There will be two separate merit lists prepared for admission. One for all the programmes except the BPharm and the other only for BPharm. The cases of bracketing, if any, will be dealt with as described below.

When the score of two candidates are the same, first their scores obtained in Mathematics / Biology (For B. Pharm) in BITSAT-2023 will be considered for separating them. If the tie still exists, then their scores in Physics in BITSAT-2023 will be considered for separating them. If the tie exists even further, it is eliminated using their scores in Chemistry. Finally, their PCM/PCB (for BPharm) total marks in the 12th examination will be considered for their separation.
